First login setup

To use library services, it is necessary to go to the library with an ID document and ask the librarian for login credentials.

Connect to Sebina You at the link: [http://unina2.on-line.it/opac/.do](http://unina2.on-line.it/opac/.do) or scanning the QR-code.

Click on Accedi

Enter your credentials released by the Library Utente and Password
At first login you have to change the password.

Insert the password given by library and then choose a new one.

(minimum of 8 characters, at least one capital letter and one number, without special characters)

The registration is completed.

You can have access to your services dedicated by clicking on your name at the top right.
