Quick guide to using University Catalogue (Sebina You)

The University Catalogue allows you to check out the presence and the availability of bibliographical materials (monographs, ebooks and periodicals), owned by University Libraries. You can access to it by logging to the link http://unina2.on-line.it/opac/.do, with any electronic device or scanning the QR code.

To use the loan and consultation books service, it is necessary to go to the library with an ID document and ask the librarian the login credentials.

Click on accedi and enter the username and password provided in library.
1. Enter the **Title** and/or **Author**
2. Select your **library** from the drop-down menu
3. Click on **Cerca**

Will show a new page with list of book’s **copies** owned by library. Click on book’s title.
Select richiesta di prestito.

The procedure is completed. You can pick up the book within the next day.
