
PhDays 2025 – PhD Program in Biomolecular Sciences

1st EMERGING TRENDS IN BIOMOLECULAR SCIENCES

16-17 October

Polo Scientifico - A2 – A3 – B2 rooms

Viale Lincoln, 5 – Caserta

The 1st Congress of the PhD Program in Biomolecular Sciences at DiSTABiF is an important opportunity to explore the latest research by our PhD students, through posters and oral presentations, and to share ideas, experiences, and scientific innovation.

17 October

19:30-23:30

Live music and scientific vibes – Serata di condivisione nel giardino del Polo Scientifico

www.phdays25.wordpress.com

17 October

Polo Scientifico – A2 room

9:30 Opening

10:00 Lectio Magistralis: *The necessity of technogical sovereignty for Europe. The role of research*
prof. Luigi Nicolais

10:45 Tavola Rotonda: *Ricerca scientifica e innovazione tecnologica al servizio della società– intervengono*

- dr. **Alessandro Carlucci** – Kedrion Biopharma
- dr.ssa **Gabriella Colucci** – Arterra Bioscience
- prof. **Paolo Vincenzo Pedone** – Presidente CUN
- prof. **Michele Saviano** – IC-CNR
- prof. **Carlo Toniatti** – IRBM

modera **Claudio Lombardi** - giornalista

Università degli Studi della Campania *Luigi Vanvitelli*

Dipartimento di Scienze e Tecnologie Ambientali Biologiche e Farmaceutiche
